

# New Mexico State University and The Chile Pepper Institute

present the

## February 2, 2021

The 2021 New Mexico Chile Conference will be held in an all-virtual platform. We have put together an exceptional program that will draw many individuals from all aspects of the industry. Some topics include Covid induced market trends, the ins and outs of the H2A program, a wealth of new information on mechanization, flavor profiles, disease and pest updates and innovations and many other current topics.

We will also be hosting Vendor Booths on the virtual platform. For more information visit [cpi.nmsu.edu](http://cpi.nmsu.edu) or call 575-646-3028.

---

Individual Registration = \$75.00

Booth Registration = \$250.00

Once you are registered you will receive a schedule of events and zoom information for all of Tuesday's speakers as well as a list of vendor booths and how to access them on zoom. All registrants will receive Conference goodies via mail.
